This event aims to provide seniors and individuals with disabilities the necessary guidance to complete their rebate applications, ensuring they receive financial relief on property taxes or rent payments. Trained staff will be available to answer questions, review required documents, and help residents submit their applications before the program's deadline.

The Property Tax/Rent Rebate Program benefits qualifying homeowners and renters by offering rebates of up to \$1,000, depending on income and eligibility criteria.

Attendees should bring proof of income, tax statements, and any required residency documentation to ensure a smooth application process.

Additionally, the event will provide on-site assistance for seniors aged 65 and older to apply for a SEPTA Senior ID Card, which allows them to ride buses, trolleys, and trains for free or at a reduced fare.
